Education

Vellore Institute of Technology | B.Tech in Computer Science Engineering

Sep 2021 - May 2025

Projects

Podcastr | Next.js, Typescript, Tailwind CSS, Open-AI, Convex

[Github](#) | [Demo](#)

- Developed a dynamic podcast platform with Next.js, boosting user engagement by incorporating robust authentication with Clerk and integrating OpenAI for AI-generated podcast audio and thumbnails.
- Utilized TypeScript, Tailwind CSS, React Hook Form, and Zod to enhance form management efficiency, enabling advanced, reusable components for front-end development.
- Implemented a sticky podcast player and profile page, using Convex for back-end development, improving user experience and functionality.

SaaS Landing Page | React, Next.js, TailwindCSS & Framer Motion

[Github](#) | [Demo](#)

- Crafted an engaging and responsive SaaS landing page, utilizing React and Next.js to deliver lightning-fast performance and SEO-friendly architecture.
- Designed seamless animations with Framer Motion, elevating user engagement with smooth interactions and visually captivating effects..
- Implemented TailwindCSS for efficient styling, ensuring rapid development while maintaining a professional and cohesive aesthetic.

Personal Portfolio | Tailwind CSS, JavaScript, React, Framer Motion

[Github](#) | [Demo](#)

- Developed a responsive personal portfolio website using React and Tailwind CSS to showcase projects, skills, and contact information, enhancing professional online presence.
- Implemented smooth animations and transitions with Framer Motion to create an engaging user experience and improve visual appeal.
- Optimized website performance by leveraging modern React features, resulting in faster load times and improved SEO.

Work Experience

Unified Mentor

Nov 2024 - Present

Front End Developer Intern

- Designed and developed responsive web interfaces for industrial projects using FE frameworks.
- Adhered to agile methodologies to ensure smooth project workflows and iterative improvements.

Sportsbae

Oct 2021 - Nov 2021

Graphic Designer Intern

[Behance](#)

- Increased social media engagement during IPL 2021 through targeted campaigns and interactive content.
- Grew social media followers by implementing innovative branding strategies and leveraging analytics to optimize content reach.
- Maintained high-quality standards while consistently meeting tight deadlines, ensuring effective project delivery and client satisfaction.

Skills

Languages: JavaScript, TypeScript, C++
